ford's poem culogizing the Grand . Army boys.

Past Post Commander H. H. Smith sal. 1 a great deal was heard about the boys waving the bloody shirt, but as the boys fought it country's battles, and it seemed were almost forgotten, they had a right to wave it. The bloody shirt meant the medal of honor. Mr. Smith then recited the poem, if the bloody Shirt, published in the Natronaz Republican in 1880, under the title of "A Medal of Honor"—a mother's sollloquy on being sent her soldler boy's bloody shirt.

duy on being sent her soldier boy's bloody shirt.

Commander Burke, of Post 5, addressed the boys on the work done by the department during the past year, and the relief rendered the destitute. Owing to the many calls for assistance the relief fund of nearly all the posts has been exhausted, and Congress is to be asked to appropriate \$5,000 for the relief of those helpless. A test case is also to be made of the discharge of a comrade from the department for political reasons only, a committee from the post having walked on the official in charge every day, offering to do his work, and if his December pay is not given him and he be returned to work, suit will be at once instituted.

and he be returned to work, suit will be at once instituted.

A receas was declared, and an attack on the tables began, the veterans doing nobly. Afterward pipes and tobacco were distributed, and the assemblage separated into little groups, and, amid the dense smoke from 300 pipes, lived over the days of '61.

The battle songs were sung with old-time vigor, and were interspersed with stories of army life.

THE SUN-RISE MEETING.

Opening Services of the Wesk of Prayer.

request of the women of the churches of this city, the pastors have arranged for a sun-rise prayer meeting, with which the union services of the week of prayer will be opened. Although this is which the union services of the week of prayer will be opened. Although this is something of a novelty in this city, it is not by any means a new idea. In the town of Pittsfield, Mass., where the mercury goes far lower than Washington can boast, a sunrise prayer meeting has been the opening and prominent feature of the week of prayer for more than seventy years. The First Congregational Church, of which Rev. Dr. Todd—so well known to every scholar in the sand—was many years the pastor, is the gathering place, and, although the church seats 1,200 people, when the hour of 7 arrives it is packed with a large congregation of earnest worshipers. Farmers from away back among the still drive in with their families, and the street is full of teams. People in the town who know very little about the inside of a church during the rest of the year make at least a fair start ou New Year's moraing, and are early in their places. The service is bright and attractive, there being much praise and thanksgiving, and when, during the service, the sun rises and shines in through the great window of the church upon the congregation, it seems as if nature herself was hastening to rejoice with the people in the opening year.

It will be a matter of interest to see hew well this initial meeting of the New Year's attended here, and how the idea of a sunrise prayer meeting will be held in the Congregational Church on Monday, Jan. 2, at 7 a. m., and will be fix charge of Rev. S. M. Newman, the pastor of that church, who will be assisted by other pastors. As Rev. Mr. Wynkoop will preside at the organ it is needless to say the music will be good.

Old Soldiers Extertained.

Old Soldiers Entertained. musical and literary entertainment was given under the auspices of the Soldiers' Home Temperance Union. The old soldiers and the visitors testified their appreciation of the efforts of the ladies and gentlemen who so kindly gave their services by repeated applause, iasisting in most cases upon encores. The entertainment was opened by the Minnethala trio, followed by Mr. Mace in his exceedingly funny mimicry of the colored parson. The vocal soles by Mrs. Crandall, "Lullaby" from "Erminle" and ""Tras Wittin a Mile of Edinboro," were enthusiastically received, as also were those by Miss May Thomas. A skillfully rendered piano solo by Mrs. Galvin brought the first part of the entertainment to an end. The chief features of the second part were the The chief features of the second part were the recitations by the Misses Raihinka and E nity E. Helping the Garfield Hospital. Helping the Garfield Hospital.

The Ladies Aid to the Garfield Hospital cleared over \$1,000 by the recent entertainment at Willard Hall. The expenses were very small owing to the ilberality of the friends and patrons. Among those contributing were Messrs. Staples, of Willard's Hotel, who gave the hall for two days and evenings. J. H. Small & Son gave beautiful flowers, and all the hotels contributed largely toward the supper table. Messrs. Eurohell, Solarl, Jarvis, Demonet, and others gave good gifts, each in his own special line. Miss Helen Nicolay and Mrs. R. B. Clark contributed to the art tables, and many others helped in the same generous spiril. Mrs. Stanford, Mr. Spinola, and Capt. George E. Lemon gave donations in money. The entertainment was given for the purpose of paying a portion of the indebtedness incurred by the building of a new wing, and the money will be used for that purpose. The ladies also acknowledge a donation of \$50 from Mrs. Grimes toward finishing and furnishing the operative room, now the great necessity of the hospital.

GRAND ARMY MEETING.

Coming Convention of the Department of the Potomac.

The encampment of the G. A. R., Department of the Potomac, will be held on Jan. 19 next. All the delegates have been elected by the various posts, and from now till the assembly the friends of the various candidates propose to do considerable wire pulling. There is unusual interest manifested in the election of a successor to Department Commander Jerome B. Burke, and at present it is hard to say which candidate is the most favored. Those named so far for the position are Col. Charles P. Lincoln, of Post 2; Wm. S. Odel, of Post S; Maj. Emmet Urell, of Post 1, and Col. J. F. Vinol, Post No. 3. Some say that the fight is between the first two, others say that Maj. Urell will pull through with a big majority. The encampment will be honored with the presence of Commanderin-Chief Rea. As yet it is not known whether his staff will come with him or not. There are to be many very important matters presented before the encampment, and it is probable that the discharges of ex-Union soldiers will form a question of consideration. now till the assembly the friends of the

Union soldiers will form a question of consideration.

Department Commander Burke, who retires when his successor is appointed, has done good work for his comrades and should be remembered for it, despite any shortcomings, if they exists, and which should be overlooked. Any one of the candidates named would make efficient officers and give satisfaction. The installation of the officers will take place shortly after their election. There is great finerest manifested in the election. One thing is assured, and that is that Dr. Florence Donohue, at present surgeon general of the G. A. R., will be unanimously re elected medical director of the department.

On Dec. 4 Keels and Bowman came into personal collision at Bishopville and Bowman was shot is the hip. To-day the affair culminated in a magistrate's office at Sumter, where the parties were preparing bonds to keep the peace. An affray took place in which knives and firearms were used and which resulted in the wounding of John R. Keels, his father, D. E. Keels, P. J. Bowman, and Walter J. Hardy, and in the death of George E. Haynesworth, the magistrate. It was the most terrible affair of the kind ever known in the county. On Dec. 4 Keels and Bowman came into

and Hospitals in the United States.

A New York physician who has for many years made diseases of the Brain, Nerves, Heart, and Kidneys a study, has, we are informed, o fiered two prizes for the best practical essay on these diseases and their accessful treatment, solely for the purpose of advancing medical research. The first prize of \$3,000 is offered to any physician in private practice and not connected with any hospital or dispensary; the second sum of \$2,000 to any physician in or connected with public hospitals, insue anylums, or dispensaries.

The physician offering these prizes is Dr. H. H. Kane, of New York, whose services to the profession and the public are already well known, and who is the author of several books on the Brain and Nerves, the Opium and Morphine Habits, &c. He studied the profession in the office of the late Prof. Willard Parker, one of the most famous of American doctors.

The conditions of the competition are as follows:

The prizes of \$3,000 and \$2,000 will be severally awarded by a committee composed of three physicians—one Allopath, one Homeopath, and one Eelectic—and will be awarded for the best essay on the treatment of diseases of the Heart, Stomach, and Kidneys, each statement made to be proved by experiment upon at least 100 cases of that special nervous affection. The remedy to be used in all these researches to be the great nervine, Scotch Oatz Essence, Wilh which Dr. Kane has hirsself succeeded, in what has secured to him an almost marvelous manner, in curing the most grave and serious cases of Brain and Nerve Diseases, Opium Habit, &c.

He now wishes to have his researches either proved or disproved by exhaustive research by the best physicians of America, who are entirely unprejudiced. Scotch Oats Essence certainly seems to be a marvelous remedy, and we believe the results to be obtained in this competition will be of the greatest value to the entire medical profession and the people, and we commend Dr. Kane's course most heartily.

PURE POTOMAC WATER.

Not Able to Provide a Filter Plant at This Time. The commissioners have addressed a lengthy letter to Mr. J. W. Thompson and others in regard to the filtration of Potomac water. They admit that it would be a great benefit, but other things they hold are needed much more at present than a filter plant. The examination of the water

needed much more at present than a filter plant. The examination of the water proves its wholesomenees, and they give the ressons for this continued healthy state of the water. In consequence of the depleted condition of the water fund, they will not recommend to Congress the making of an appropriation for a filter plant.

In concluding their letter the commissioners say: "It is evident that unless some other provision be made for the payment of the general interest and sinking fund charges, or the water rates be considerably increased, it will be impracticable to undertake for the present any additional projects of megnitude. The lowest estimate that has been made of the cost of a filtering plant is \$600,000, and the annual cost of its maintenance and operation \$18,000. If the original cost be divided between the United States and the District, as in the case of the reservoir and aqueduct extension, the interest and sinking fund account will be for the first year \$21,000, and adding cost of maintenance the total will be \$29,000."
